

Scouting in the Lutheran Church

The Scouting in the Lutheran Church Conference (July 19-25, 2020) is for Lutheran chartered organization representatives, clergy, congregational leaders and all Lutheran Scouters who want to learn about using Scouting as an outreach ministry to boys and girls in your community. See how Scouting becomes part of a congregation's youth ministry and contributes to reaching young families and building and sustaining membership. The conference is recommended for those considering staffing the NLAS exhibit at the 2021 National Scout Jamboree at The Summit. Bring your family and make this a vacation to remember! There are family programs for infants through teens as well as spouses. <https://www.philmontscoutranch.org/registersection/> The Scouting in the Lutheran Church Conference is sponsored by the National Lutheran Association on Scouting, a joint youth ministry of ELCA and the LCMS.
